Global Smart Grid Vendor Landscape
Internet of Things (IoT) in the Power Sector

Volume II
May 2015 | www.northeast-group.com

Key questions answered in this study:

- Which trends are impacting the leading smart grid vendors?
- Which recent partnerships, mergers, and acquisitions have altered the smart grid market?
- Who are the leading vendors in each region?
- Which emerging market based vendors are best positioned to partner with leading international vendors?
- What is the global market size for 14 smart grid sub-segments?

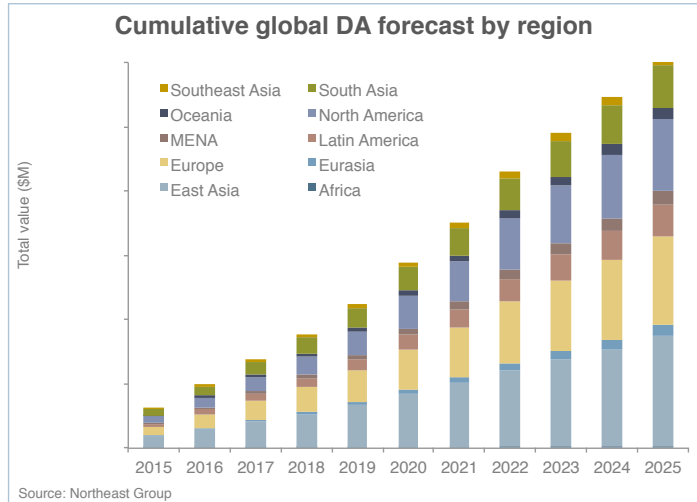

Table of Contents

i. Executive summary	1
ii. Methodology	2
1. Trends for 2015	6
1.1 Accelerating partnership and M&A activity	6
1.2 Move towards emerging markets	8
1.3 Branching out to additional smart infrastructure and smart city segments	11
1.4 Repositioning for higher-value segments such as analytics and services	14
2. Detailed smart grid segment analysis	16
2.1 AMI	17
2.2 Distribution automation	26
2.3 Wide area measurement	34
2.4 Home energy management	35
2.5 Information technology	40
2.6 Energy storage	44
3. Africa	46
4. East Asia	50

Table of Contents (cont.)

5. Eurasia	57
6. Europe	64
7. Latin America	83
8. Middle East & North Africa	97
9. North America	105
10. Oceania	121
11. South Asia	124
12. Southeast Asia	136
13. Appendix	140
13.1 Full list of vendors covered in this study by segment	140
13.2 List of acronyms and abbreviations	159
